

Testovací SSL certifikát VeriSign

Připravili jsme pro Vás podrobný návod, jak si **ZDARMA** vytvořit testovací SSL certifikát **VeriSign SSL Test** a vyzkoušet si jeho plnou funkčnost po dobu 30 dní.

Aktuální ceny, objednávky a další podrobnosti o SSL certifikátech Thawte, VeriSign a GeoTrust najdete na našich stránkách ssl.czechia.com.

CZECHIA
PROFESIONÁLNÍ WEBHOSTINGOVÉ SLUŽBY

1. Navštivte web VeriSign.com a vyplňte objednávku testovacího SSL certifikátu

Na stránkách certifikační autority www.verisign.com je možné na dobu 30 dní zřídit testovací certifikát a seznámit se s jeho vlastnostmi, používáním a nastavením. Bude-li Vám SSL certifikát vyhovovat, můžete si jej objednat na adrese ssl.czechia.com.

Navštivte odkaz: <http://www.verisign.com/ssl/free-30day-trial/> a zvolte tlačítko „**TRY**“ u produktu VeriSign® SSL Test Certificate.

The screenshot shows the VeriSign Trust Center interface for purchasing a 30-day free trial SSL certificate. The page is titled "Trust Center [CZECH REPUBLIC]" and includes a navigation menu with "Free Trial" selected. A "Chat With Us" button is visible in the top right. The main content area is titled "Test certificate" and contains the following information:

- Take the first step to a more secure web site. Try VeriSign® SSL in your test environment.
- VeriSign® SSL Test Certificate**
30-day FREE Trial
- Features:
 - Up to 256-bit encryption
 - 30-day FREE Trial
 - Instantly issued
 - Non-production certificate
- [Learn more...](#)
- The VeriSign® SSL Test Certificate is intended for installation on a test web server for testing purposes only. To install a production grade SSL Certificate for your consumer-facing web site, [click here](#), for a 30-day risk-free trial.

At the bottom of the main content area, there is a checkbox for "VeriSign can contact me by telephone or email to assist with enrollment and provide product news as well as security-related information." and a "Continue" button. The total price is displayed as "Total: US \$0 (Free Trial)".

On the right side, there is an "Order details" section showing "VeriSign® SSL Test Certificate" with a validity period of 30 days and a total price of "US \$0". Below that is a "Contact Us" section with contact sales information: "Contact Sales at 866-893-6565 or 650-426-5112".

The footer contains contact information: "Sales: 1-650-426-5112 or Toll Free 1-866-893-6565" and "Support: 1-650-426-3400 or Toll Free 1-877-GET-VRSN". It also includes links for "Legal Notices", "Privacy", "Repository", and "Feedback", and a copyright notice: "© 2011 Symantec Corporation. All rights reserved." On the right side of the footer, there are logos for "CERTIFICATION AUTHORITIES" (VeriSign), "TRUSTe CLICK TO VERIFY", and "VeriSign Trusted VERIFY".

2. Potvrďte objednávku testovacího SSL certifikátu

Pokračujte dále v objednávce testovacího SSL certifikátu, který je v testovací verzi možné použít pouze na jednom serveru – jedna licence.

Vyplňte email, jméno, příjmení, pracovní pozici, tel. číslo s předvolbou, název společnosti, adresu, město, PSČ a stát.

Veřejný klíč (TXT request), nazývaný Certificate Signing Request (CSR), je generovaný na serveru, kde je hostovaná (umístěná) Vaše doména na které bude SSL certifikát funkční. Tento TXT request Vám vygeneruje Váš administrátor serveru nebo poskytovatel webhostingu.

Jak se veřejný klíč generuje, zjistíte dle používaného web serveru na stránkách https://knowledge.verisign.com/support/ssl-certificates-support/index?page=content&id=AR235&actp=GETTING_STARTED

Pro vygenerování veřejného klíče je nutné znát následující informace:

	Popis	Příklad
Common Name (CN)	Přesný název domény	www.zoner.cz
Organization Name	Jméno firmy	ZONER software, a.s.
Organizational unit	Jednotka, účel	Internet
Country Code	Kód země	CZ
State or Province	Stát	Czech republic
Locality	Město, část země	Brno
Key Size	Bitová hloubka	2048 bit

Příklad vygenerovaného veřejného klíče:

```

7. Instalace SSL certifikátu

Přesný postup jak certifikát nainstalovat najdete v následujících 3 krocích:

1) Instalace certifikátu na webový server:

Dle Vámi používaného webového systému si zobrazte přesný návod pro instalaci certifikátu na stránkách:

<https://knowledge.verisign.com/support/ssl-certificates-support/index?page=content&id=AR212>

2) Instalace intermediate certifikátu na webový server:

Z důvodu update VeriSign Primary Root na 2048-bit je nutné pro správnou funkčnost instalovat i intermediate certifikát, který najdete na:

<http://www.verisign.com/support/verisign-intermediate-ca/trial-secure-server-intermediate/index.html>

3) Instalace ROOT certifikátu do prohlížeče:

Aby se Vám testovací certifikát v prohlížeči zobrazoval jako důvěryhodný, je nutné do Vašeho prohlížeče nainportovat ROOT certifikát.

Instalace ROOT certifikátu do prohlížeče je nutná pouze u testovacího certifikátu. Komerčně dodávané certifikáty VeriSign jsou vždy důvěryhodné ve všech prohlížečích.

Postup pro import ROOT certifikátu do prohlížeče:

<https://knowledge.verisign.com/support/ssl-certificates-support/index?page=content&id=SO10670>

V našem případě bude testovací SSL nyní funkční na stránkách <https://www.testwebu.com>.

8. Funkční SSL certifikát na Vašich stránkách

V našem případě po zvolení adresy <https://www.testwebu.com> je na stránce již SSL certifikát plně funkční po dobu 30 dní. Podrobnosti o certifikátu si v prohlížeči zobrazíte kliknutím na symbol záměčku.

The screenshot shows a web browser window displaying the TestWebu.com website. The page features a "Security report" header and the CZECHIA logo. The main content includes a welcome message for Zoner software a.s., contact information, and a section titled "Nejpoužívanější hostingové programy" (Most used hosting programs). This section is divided into two columns: "Operační systém LINUX" and "Operační systém WINDOWS". Each column contains two sub-sections: "Linux PHP5" and "Linux PHP5 CGI" for Linux, and "dotNET" and "dotNET 2008" for Windows. Each sub-section lists specifications such as operating system, disk space, database, and supported languages. The footer includes logos for Zoner, CZECHIA, regZone!cz, and inPAGE, along with a copyright notice for Zoner Software, a.s.

The screenshot shows a "Certificate" dialog box with three tabs: "General", "Details", and "Certification Path". The "General" tab is active, displaying "Certificate Information". The text in the dialog reads: "This certificate is intended for the following purpose(s):" followed by a bullet point: "Ensures the identity of a remote computer". Below this, it states: "Issued to: www.testwebu.com", "Issued by: VeriSign Trial Secure Server Root CA - G2", and "Valid from 29. 3. 2011 to 20. 4. 2011". At the bottom, there are buttons for "Install Certificate...", "Issuer Statement", and "OK". A link "Learn more about certificates" is also visible.
